

Guidance for Making a Vision Board

This individual activity is to create a compassionate school vision board. A vision board is a visual representation of a particular concept using images, illustrations and/or words. You can use software like canva or cut and paste images on a document or cut pictures from magazines or draw pictures and words. This collection of images and words that reflect your ideas of school that provides experiences that align with your mental, emotional, and physical wellbeing.

Brainstorm as many experiences as possible.

Collect images and words digital, from magazines, drawn or other sources.

Arrange into a collection.
